

## Optional modules for BSc Psychology, MSci Applied Psychology (Clinical), BSc PSY with Study Abroad and BSc Psychology with Sport and Exercise Science students

### BSc Psychology, BSc PSY with Study Abroad and MSci Applied Psychology (Clinical)

The first year provides you with a broad foundation of knowledge and specialist skills for research and undertaking statistical analysis. You will take 90 credits of the core Psychology modules:

#### Core modules (90 credits)

PSY1202	Introduction to Biological Psychology	Term 2
PSY1203	Introduction to Social Psychology	Term 1
PSY1204	Introduction to Clinical Psychology	Term 1
PSY1205	Introduction to Statistics	Terms 1 & 2
PSY1206	Introduction to Research Methods	Term 1
PSY1207	Cognition, Emotion and Development	Term 2

#### Optional modules (30 credits)

[http://psychology.exeter.ac.uk/currentstudents/modules/ug/2019\\_20/stage1/](http://psychology.exeter.ac.uk/currentstudents/modules/ug/2019_20/stage1/)

We will automatically register you for 2 x 15 credit PSY modules listed below and they will appear on your student record when you register: -

PSY1105	Introduction to Behaviour and Evolution	Term 1
PSY1126	Classic Studies in Psychology	Term 2

You can request to change the optional modules which are currently on your student record. You can take up to 30 credits from another discipline or you may decide to swap one of your current option modules (PSY1105/PSY1126) for PSY1208 Work Experience (Psychology). You must complete a module change form which is available in hard copy from Washington Singer Reception or via email at [psychology@ex.ac.uk](mailto:psychology@ex.ac.uk)

The module change form must be signed by **both** the Psychology Education Team staff and staff in the discipline of your new requested module. Any changes are subject to approval and are timetable permitting. The deadline for module change forms to be handed to the Washington Singer Information Point is **Friday 4<sup>th</sup> October 2019**. **It is preferable to register for your modules before the deadline date so you do not miss any scheduled teaching.**

## BSc Psychology with Sport and Exercise Science

Descriptions of Psychology modules:

[http://psychology.exeter.ac.uk/currentstudents/modules/ug/2019\\_20/stage1/](http://psychology.exeter.ac.uk/currentstudents/modules/ug/2019_20/stage1/)

Descriptions of Exercise and Sports Science modules:

[http://sshs.exeter.ac.uk/students/modules/ug/2019\\_20/](http://sshs.exeter.ac.uk/students/modules/ug/2019_20/)

In year 1 you will take four 15 credit compulsory modules and four 15 credit optional modules.

### Core modules (60 credits)
